# STUDENT SPEAK

**NIKHIL RAJ**  
**Cinema Student**

I am working with My FM 94.3, which I got through with the support of my institute. If you are at a film school, activities and curriculum matter a lot and that is where AAFT has put the limelight. With the best activities meant for both the learning and professional development of a student, AAFT makes sure that no student lags behind when it comes to entering the real world.

**AKASH PATEL**  
**Cinema Student**

It's best to think of filmmaking as three distinct stages: planning and getting ready to film (development and pre-production) filming (production), and completing the film and getting it ready to show (post-production). All this, I have learned at AAFT and now working successfully in the Gujarati film industry.

**SUSMITA KAR**  
**Cinema Student**

In AAFT my experience in Co-curriculum activities was great which enhanced my social skills, intellectual skills, moral values, personality progress, and character appeal in students. Due to proper skill enhancement, I landed up getting the job at Whitehats Cybertech.

**PREETIKA PAHWA**  
**Cinema Student**

I am honestly really glad that I pursued filmmaking from AAFT. It's been a journey of holistic development, where I've not just learnt skills in filmmaking, but also other fields like PR, Journalism, Marketing, Mass Comm. and many more! It has also opened a lot of career prospects for me by tapping into my creative abilities, where I've been able to choose from a wide range of career options.
